

Joint Call for Proposals  
for Research and Innovation Projects

EUROPEAN PARTNERSHIP  
**DRIVING URBAN TRANSITIONS**

Call for proposals n°4 (DUT Call 2025)

Co-funded by the European Commission (Grant N° 101069506)

Electronic Submission Guidelines for UDiManager  
[uefiscdi-direct.ro](https://uefiscdi-direct.ro)

**IMPORTANT DEADLINES**

Submission deadline pre-proposals: 17 November 2025 at 13:00 (CET)

Submission deadline full-proposals: 23 April 2025 at 13:00 (CET)

## Revisions of the submission guidelines

If the submission guidelines have been updated, the changes are tracked in the table below.

Date	Update
<b>10 November 2025</b>	Update of the page 12 - the Cooperation Partners – PIC is also mandatory

## Driving Urban Transitions (DUT)

The **Driving Urban Transitions** (DUT) Partnership builds upon the achievements of the Joint Programming Initiative (JPI) Urban Europe created in 2010 to address the global urban challenges with the ambition to develop a European research and innovation (R&I) hub on urban matters and create European solutions by means of coordinated research. JPI Urban Europe so far has implemented fifteen transnational Joint Calls (out of which five were in cooperation with the European Commission (EC), three in international cooperation).

While the DUT Partnership will build upon all these achievements, at the same time it will allow to enhance ambition, strongly increase the portfolio of projects, set up new measures towards capacity building, urban policy support, as well as demonstration and mainstreaming of results.

The DUT Partnership is supported by the EC and funded under the Horizon Europe co-funded Partnership scheme (Topic HORIZON-CL5-2021-D2-01-16), under Grant Agreement N° 101069506.

DUT Call 2025 is the fourth call of the DUT Partnership co-funded by the European Commission (EC) under the Horizon Europe framework programme.

On a global level, DUT Call 2025 is part of the [Mission Innovation](#) (MI) call series, i.e., MICall25. As such, call topics are prepared in collaboration with the [Urban Transitions Mission](#) (UTM) under MI, and all topics of the call are open for applications that directly and/or indirectly contribute to the work of UTM.

# 1 Introduction

The purpose of this document is to describe the steps required to submit a pre-proposal on the electronic submission system of the DUT Call 2025, following the information provided on the website: <https://dutpartnership.eu/calls/dut-call-2025> (pre-proposal template, link to the submission platform: <https://uefiscdi-direct.ro> and detailed information about the application process: <https://dutpartnership.eu/calls/dut-call-2025#application-process-304>).

The purpose of this Call for proposals is to support transnational research and/or innovation projects addressing urban challenges to help cities in their transition towards a more sustainable economy and functioning. The challenges are grouped into three themes called 'Transition Pathways': **Positive Energy Districts, the 15-minute City and Circular Urban Economies**.

It is the fourth Call of the Partnership *Driving Urban Transitions* (DUT) funded by the European Commission under the Horizon Europe Partnership scheme.

The projects selected within this Call will be funded directly by national/regional Funding Agencies from the following countries: [https://dutpartnership.eu/sites/default/files/2025-09/DUT%20Call%202025\\_Annex%20A.pdf](https://dutpartnership.eu/sites/default/files/2025-09/DUT%20Call%202025_Annex%20A.pdf)

Each proposal must involve, **at least, three partners from three countries on this list that are eligible for funding by their respective national/regional Funding Agency**. The added value of transnational collaboration should be clearly stated.

The Call is open to a wide range of scientific disciplines and welcomes interdisciplinary approaches. It intends to support a large range of activities, from research to innovation and implementation.

It also asks applicants to engage explicitly with stakeholders (including but not limited to public authorities, companies and NGOs) in projects and to consider users' needs in the identification of project goals. Projects are expected to take a transdisciplinary and preferably co-creative approach from the early project formulation stage.

Further information on this Call (mandatory templates to use for applying, link to the submission platform, etc.) can be found on the [DUT Website](#).

The Call is opened to a wide range of scientific disciplines and welcomes interdisciplinary approaches. It intends to support a large range of activities, from **research to innovation and implementation**.

Research and innovation should not be seen as conflicting and instead as a continuum and most projects will probably be a mix of both. However, to help ensure a balanced portfolio of funded projects covering the R&I landscape, applicants are asked to identify and indicate which of the following approaches is the best fit for their project, **depending on the main purpose of their proposal**:

- a more **"research-oriented approach" (ROA) to support projects** aiming at producing knowledge, analysing data, better understanding and modelling phenomena and developing expertise and tools that will be useful to stakeholders, practitioners and policy-makers. This R&I orientation (called ROA moving forwards) welcomes proposals mainly focused on strategic and/or applied research;
- a more **"innovation-oriented approach" (IOA) to support projects** aiming at developing or improving practical, operational solutions – technological and organisational – for companies, local communities and authorities in charge of urban transport and urban planning, as well as

management and testing of such solutions. This R&I orientation (called IOA moving forwards) welcomes proposals mainly focused on applied research and innovation<sup>1</sup>;

Figure 1: positioning of the ROA and IOA with respect to research and innovation

It also asks applicants to engage explicitly with stakeholders (companies, public authorities, NGOs...) in the projects and to consider users' needs in the identification of the project goals. Projects are expected to take a transdisciplinary and preferably co-creative approach from the early project formulation stages.

Both approaches are equal in relevance for this call.

**For proposals combining both research and innovation aspects, the project coordinator has to choose the R&I approach that is the most relevant considering the main objective and major novelty brought about by their project.**

For further information, please refer to the DUT Call 2025 Call Text and related documents available here: <https://dutpartnership.eu/calls/dut-call-2025>.

## 1.1 About your pre-proposal

Prior to submission, the Main Applicant must read carefully the call announcement and prepare the application following the template available on the DUT Call 2025 website.

- **General information about the pre-proposal and the project partners, abstract and the financial information (planned budget)** will be submitted directly to the DUT Call 2025 electronic submission system, at [www.uefiscdi-direct.ro](http://www.uefiscdi-direct.ro);
- **A pre-proposal template describing the quality of work, project objectives, key activities, data management, added value of the international cooperation and impact etc. is available at <https://dutpartnership.eu/calls/dut-call-2025> and will be uploaded** in PDF format to [uefiscdi-direct.ro](http://uefiscdi-direct.ro), before the pre-proposal submission.

Please be aware that each funding organisation has its own funding criteria and regulations, which are mentioned in the call text. The financial information submitted at the transnational level is for evaluation purposes only. The presentation of the financial information to be submitted at the national level, for all proposals or for selected projects only depending on the funding organisation, might differ depending on the funding organisation (different categories of expenses, details about the distribution over time etc.).

## 1.2 About the submission system

DUT Call 2025 electronic submission system is based on the Executive Agency for Higher Education, Research, Development and Innovation Funding (UEFISCDI) electronic submission system, UDiManager ([uefiscdi-direct.ro](http://uefiscdi-direct.ro)). The present document is designed to guide you through the submission process and ensure a smooth submission.

<sup>1</sup> If this call was focussed on technological research and development (which is not the case), we would have been talking of TRLs between 1 and 4 for ROA and above 4 for IOA.

**Each (modified) section in the submission system must be saved (using the “Save” button) before going to another section.**

### 1.3 Roles in the submission process

Each project pre-proposal must be submitted by the Main Applicant of a consortium consisting of **at least three eligible Applicants from at least three different participating countries that are eligible for funding by their respective national/regional Funding Agency** (see Annex A and the transnational eligibility criteria of the DUT Call Text 2025: <https://dutpartnership.eu/calls/dut-call-2025>).

- **Applicants** are defined as **organisations/institutions/companies** (*i.e.* legal entities) that apply for funding. Applicants can be:
  - **research organisations** (universities, university colleges, research institutes or other entities with research undertakings),
  - companies and commercial organisations,
  - **urban government authorities** (such as regional and local government institutions, municipalities and municipal organisations, city authorities, urban public administrations, and infrastructure and service providers),
  - **consumers and civil society representatives** (e.g. local and community organisations, non-governmental organisations, not-for-profit organisations, citizens’ representatives, etc.).

***A pre-proposal consortium must include at least one urban government authority (city, municipality or entity providing key urban services) either as a Main Applicant, Co- applicant, or Co-operation Partner depending on the national/regional eligibility criteria.***

- The **Main Applicant** is the body responsible for coordinating and managing the project (*i.e.* project coordinator). It will be the contact point with the DUT Call Secretariat on behalf of the whole consortium and is responsible for the administrative management of the complete project. The Main Applicant is responsible for overseeing the project activities and ensuring that the work programme is on track.

***A pre-proposal can be submitted electronically only by the Main Applicant.***

- **Co-applicants** are Applicants other than the Main Applicant, eligible for funding from a Funding Agency. There may be more than one Co-applicant from any participating country. If there is more than one Co-applicant from a country, one of them needs to be identified as the National Contact Point.
- **Co-operation Partners** are partners that are not eligible for funding from Funding Agencies (e.g. partners from countries not participating in this Call or not eligible for funding by any of the Funding Agencies), but may be included in a project as Co-operation Partners if (a) they finance their activity from other sources and (b) the consortium in general fulfils the requirements on the number of eligible applicants from participating countries. A clear description/indication of the role and form of engagement of these Cooperation Partners should be included in the proposal. A written commitment (Letter of Intent) from Cooperation Partners, participating with their own funding or with an in-kind contribution should be submitted with the full-proposal. It should be noted that Co-operation Partners do not count toward the minimum of three eligible applicants from at least three participating countries outlined in the transnational eligibility rule 1 below.
- Partners generically covers Applicants and Co-operation Partners.

***All partners need to confirm their participation in the pre-proposal consortium by e-mail. The invitation is sent through the submission system by the Main Applicant. This invitation can be sent twice. Only the Main Applicant will upload information in the DUT submission system and submit the pre-proposal.***

- The Principal Investigator (PI) is defined as the person who is the lead investigator for an Applicant.

A Principal Investigator (PI) must only participate in a maximum of two proposals (unless otherwise required by their respective Funding Agency), and only once as the PI of a Main Applicant. **If the Call Secretariat, in charge of checking transnational eligibility, identifies the same person as PI in more than two pre- proposals, or as PI of the Main Applicant of more than one pre-proposal, all pre- proposals/full-proposals in which they are a PI will be declared ineligible.**

## 2 How to connect

The European Main Applicant can connect to the submission platform following the next steps.

### 2.1 DUT Call 2025 Submission System on UDiManager

Access [www.uefiscdi-direct.ro](http://www.uefiscdi-direct.ro) and start creating your account by clicking on [Sign up]

## Submission System: create an account on UDiManager

In case you have forgotten your password, you can recover it by accessing '**Forgot your password**' option based on the e-mail address you used when creating the account. Follow the steps received by e-mail.

### 2.2 Create your pre-proposal

The Main Applicant accesses the **DUT 2025 Submission** from the Homepage of UDiManager ([www.uefiscdi-direct.ro](http://www.uefiscdi-direct.ro)) and presses on **Submit a Preproposal**.

The submission process of a pre-proposal has now started. The Main Applicant can save the information introduced and access the pre-proposal later for other updates during the submission process (before the deadline), unless the pre-proposal is already finalized and submitted.

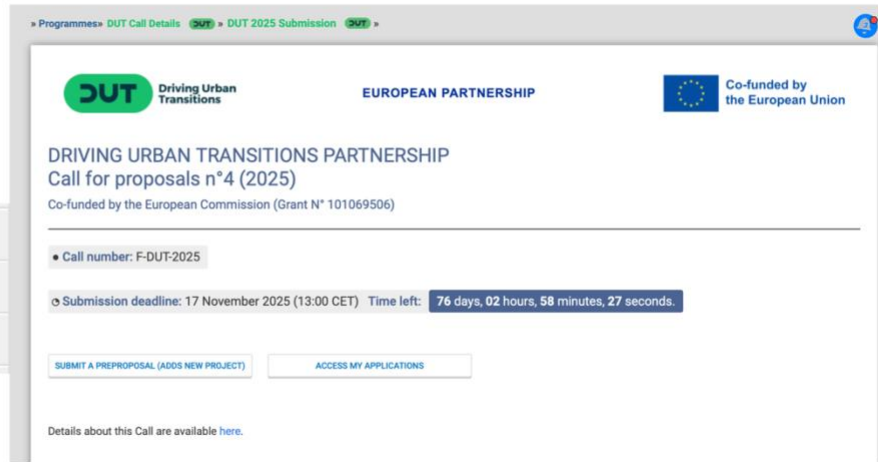

Create a DUT pre-proposal on UDiManager: uefiscdi-direct.ro

DUT Call Details

DUT 2025 Submission

DUT 2024 Submission

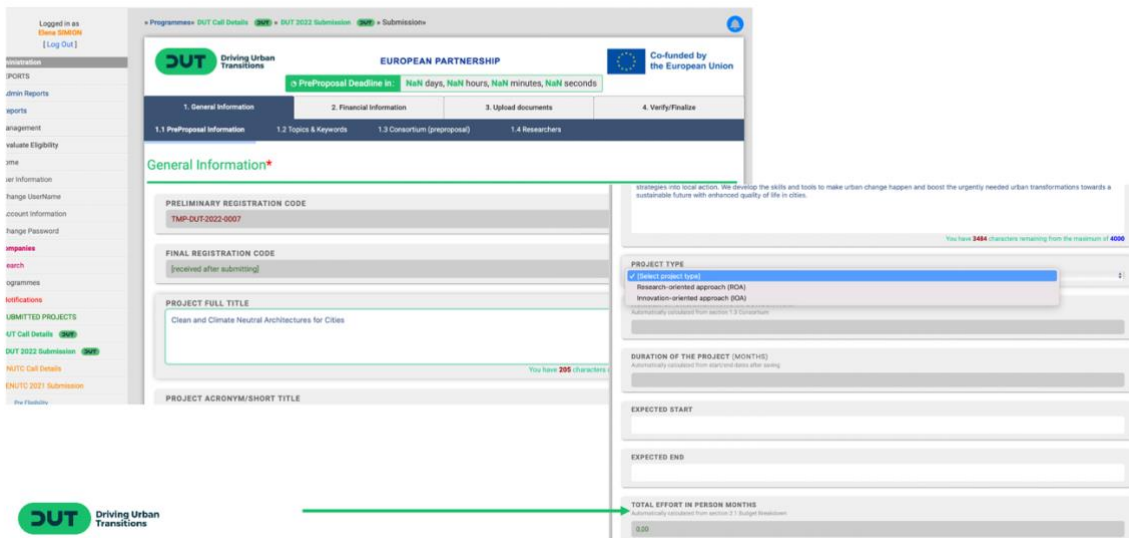

The DUT Call 2025 submission system has four main sections that the Main Applicant needs to fill in for all consortium partners: **General Information**, **Financial Information**, **Other documents** and **Verify/Finalize**.

### ➔ General Information

This section contains all the general information about your project and has four sub-sections:

**1.1 Pre-proposal information:** name, acronym, abstract, project duration, project type etc.

## Submission System: general information

**NEW!** Please make sure you are checking the new option regarding the publication of the project’s abstract for the *widening procedure*, as described by the DUT Call Text in section 4.1: “It is possible that invited consortia will be explicitly allowed by the DUT Call Secretariat to integrate, in their full proposal, additional partners requesting funds from specific Funding Agencies, if these Funding Agencies are underrepresented

*in the proposals invited to the second stage. However, this possibility does not invalidate the consistency requirements between pre-proposal and full proposal stage outlined at the end of section 3.3."*

**PROJECT ACRONYM/SHORT TITLE**  
Maximum 50 characters

NGBH

---

**PROJECT ABSTRACT**  
Short presentation of project content and goals. The abstract should make clear the project's goals.

While strategic and applied urban research are both focused on producing knowledge, "urban innovation and implementation" takes things one step further and promotes the actual creation or advancement towards new policies, practices, services, products or processes – such as integrated systems, tools, services and data – in such a manner that the first impact already takes place during the project phase. Initiatives should therefore have a focus on experimentation, testing, implementation, evaluating and disseminating results, and are always carried out in close collaboration with stakeholders. Policies, practices, processes, services or products being developed could be of commercial value, but equally welcome is innovation directed at public governance, management and operation. Urban innovation should be carried out in close collaboration with stakeholders.

You have 3130 characters remaining from the maximum of 4000

Please publish my abstract and contact information for the widening procedure

---

**PROJECT TYPE**

✓ [Select project type]

- Research-oriented approach (ROA)
- Innovation-oriented approach (IOA)

Automatically calculated from section 1.3 Consortium

In this General Information section, the Main Applicants is selecting the project type, according to the requirement of the DUT Call Text, only one of the two approaches can be chosen: research-oriented approach (ROA) or innovation-oriented approach (IOA).

**For proposals combining both research and innovation aspects, the Main Applicant has to choose the R&I approach that is the most relevant considering the main objective and major novelty brought about by their project.**

strategies into local action. We develop the skills and tools to make urban change happen and boost the urgently needed urban transformations towards a sustainable future with enhanced quality of life in cities.

You have 3484 characters remaining from the maximum of 4000

---

**PROJECT TYPE**

✓ [Select project type]

- Research-oriented approach (ROA)
- Innovation-oriented approach (IOA)

Automatically calculated from section 1.3 Consortium

---

**DURATION OF THE PROJECT (MONTHS)**  
Automatically calculated from start/end dates after saving

---

**EXPECTED START**

---

**EXPECTED END**

---

**TOTAL EFFORT IN PERSON MONTHS**  
Automatically calculated from section 2.1 Budget Breakdown

0,00

Please be aware that the total effort in person months (PM), total budget and requested budget for the overall pre-proposal is calculated automatically from the financial information (budget breakdown) section.

**NEW!** The pre-proposal pdf can now be uploaded in the first section of the General Information (1.Pre-proposal Info). The template can be found on the DUT Call 2025's webpage: <https://dutpartnership.eu/calls/dut-call-2025>, in the **Documents** tab.

**DUT** Driving Urban Transitions

EUROPEAN PARTNERSHIP

Co-funded by the European Union

PreProposal Deadline in: 76 days, 02 hours, 52 minutes, 08 seconds

1. General Information | 2. Financial Information | 3. Other documents | 4. Verify/Finalize

1.1 Preproposal Info | 1.2 Topics & Keywords | 1.3 Consortium | 1.4 Researchers

### General Information\*

**PRELIMINARY REGISTRATION CODE**  
TMP-DUT-2025-0013

**FINAL REGISTRATION CODE**  
[received after submitting]

**PREPROPOSAL APPLICATION FORM\***  
One document must be uploaded **imperatively** as an **unprotected PDF file** (document generated from a word processor file to a PDF, **no scanned document**)  
Please stick to the following formatting requirements: font size: 10 pt, line spacing: 1.15. Both formatting requirements as well as the maximum number of pages (specified in the respective chapters) help the Expert Panel members to read and compare the proposals. **Please note that you will be asked by the Call Secretariat to shorten your proposal after submission if the intended page limit is exceeded.**

Select a file to upload...

Pre-proposal form template can be downloaded from the DUT Call 2025's website: <https://dutpartnership.eu/dut-call-2025/>.

This area is dedicated to an extended description of the project where applicants need to provide information about the quality of work, project objectives, key activities, data management, added value of the international cooperation, impact and other relevant data.

**One document** must be uploaded imperatively as an **unprotected PDF file** (document generated from a word processor file to a PDF, no scanned document). Please use the template available on the DUT Call's website: <https://dutpartnership.eu/calls/dut-call-2025#documents-8>.

Please stick to the following formatting requirements (font size, line spacing). Both formatting requirements as well as the maximum number of pages (specified in the respective chapters) help the Expert Panel members to read and compare the proposals. **Please note that you will be asked by the Call Secretariat to shorten your proposal after submission if the intended page limit is exceeded.**

Once the PDF is uploaded, the Main Applicant can still replace it, if late changes occur, but no changes are possible after the pre-proposal submission deadline.

**1.2 Topics and Key Words:** here the Main Applicant is selecting the main Transition Pathway (TP) and the topics related to that specific TP and other connected Transition Pathways, if this is the case.

The submission system will require also mandatory and optional keywords to better describe your pre-proposal approach.

**NEW!** The DUT Call Secretariat is asking the Main Applicant to select up to 5 keywords to support the selection process of the independent reviewers.

Project Partner 5 (P5)	[SELECT TYPE]	[Country not selected]	[ORGANIZATION NAME NOT SET] Contact Person from Partner 5 (P5) ()	  

ADD NEW PARTNER

The first step to edit a partner profile is to select the role in the project: Co-applicant or Cooperation Partners. Please refer to section 3.1 above or to the DUT Call Text for the definitions.

**It is mandatory to use a PIC for all pre-proposal partners asking for funds from the DUT Funding Agencies, including the Cooperation Partners.**

**PICs are mandatory for all applicants. Validation of the PIC is not mandatory. It normally takes less than 10 minutes to register your organisation:**

1. check if your organization is already registered
  2. if it is not already, register your organization
- The EC also provides [additional instructions](#) that you may find helpful.

Once the PIC is introduced, the information is imported automatically from the European Commission's portal.

The Main Applicant needs to make sure that the type of organisation is correctly selected as well as the Funding Agency where the respective partner is applying for funds. Please be aware that once one partner is added, a budget section is created for that partner automatically in section 2 – Financial Information.

All fields marked with red \* are mandatory. However, if some information is missing, the option to press Verify in section 4 – Verify/Finalize will help the Main Applicant to return to the section and add the missing information.

The Main Applicants needs to make sure the Curriculum Vitae of the PI, gender and other contact details are filled-in correctly.

**1.3 Consortium (preproposal)**

1.3.1 Consortium structure | 1.3.2 Project Coordinator Form | 1.3.3 Project Partner 2 (P2) Form | 1.3.4 Project Partner 3 (P3) Form | 1.3.5 Project Partner 4 (P4) Form | 1.3.6 Project Partner 5 (P5) Form

TITLE\*

**NEW!** There is a new feature available in the submission system for the DUT Call 2025 regarding the applicants from the same country: one organisation from the consortium coming from the same country can be appointed as the national contact point. This way, the Funding Partner from that country will contact directly the appointed national contact point for any clarifications during the national eligibility checks.

<b>Project Partner 5 (P5)</b>	CO-APPLICANT 	Italy Ministero Dell'Universita' e Della Ricerca (MUR)	<input type="text"/> <input type="text"/>
<b>Project Partner 6 (P6)</b>	COOPERATION PARTNER	Italy <b>NCP</b>	<input type="text"/> Contact Person from Partner 6 (P6) ()
<b>Project Partner 7 (P7)</b>	COOPERATION PARTNER	Italy	<input type="text"/> Contact Person from Partner 7 (P7) ()
<b>Project Partner 8 (P8)</b>	CO-APPLICANT	Portugal Fundação para a Ciência e a Tecnologia (FCT)	<input type="text"/> Contact Person from Partner 8 (P8) ()
<b>Project Partner 9 (P9)</b>	CO-APPLICANT	Portugal <b>NCP</b> Fundação para a Ciência e a Tecnologia (FCT)	<input type="text"/> Contact Person from Partner 9 (P9) ()

**ADD NEW PARTNER**

## National Contact Points (NCP)

<b>SELECT NCP*</b> Establish a national contact point (NCP) if there are multiple partners from one country and none of them is the Main Applicant	
<b>Italy</b>	<input type="text" value="Project Partner 6 (P6) -"/>
<b>Portugal</b>	<input type="text" value="Project Partner 9 (P9) -"/>

**1.4 Researchers** – this sub-section will already display all the persons nominated for each partner organisation involved in the pre-proposal consortium. Very similar to the List of Researchers available in the calls launched under Horizon Europe, the Main Applicant will have the option to add a research category and a researcher ID (e.g.: ORCID). Furthermore, this section allows adding more researchers involved in one partner organisation.

## Submission System: researchers

### ➔ Financial information

This section is dedicated to the budget planning for your project. The Main Applicant needs to carefully check all the information introduced and press the "Save" button after filling in the information for each project partner, to make sure your final financial data is correctly displayed.

## Submission System: financial information

Organisation	Category of Expenses	Category Costs (EUR)	Cost share per partner (%)	Total effort in person months per partner	Partner contribution (EUR)	Requested funding (EUR)	Funding rate requested (%)
Project Coordinator UNITATEA EXECUTIVA PENTRU FINANTAREA INVATAMANTULUI SUPERIOR A CERCETARII DEZVOLTARI SI INOVARI MAIN APPLICANT	1. Personnel Costs	235,000.00					
	2. R&D equipments, infrastructure use	6,000.00					
	3. Costs of materials	3,500.00					
	4. Sub-contracting, third-party costs	2,000.00	100,00 %	35,00	252,900.00		
	5. Travel costs	4,000.00					
	6. Overhead costs	2,400.00					
	<b>Project Coordinator TOTAL costs</b>		<b>252,900.00</b>			<b>252,900.00</b>	<b>EUR</b>

The Main Applicant needs to make sure that is selecting the correct type of research and/or innovation that the respective organisation is asking funds for, in accordance with the DUT Call Text and Annex A.

In addition to the transnational rules and procedures of the DUT Call 2025, there may be specific Funding Agencies' rules (e.g. Funding Agencies' eligibility criteria for certain organisations, co-funding

requirements, national/regional evaluation rules, submission of additional documents or information on a national/regional platform, etc.). Please note that there are also limitations regarding the types of research or innovation activities that different Funding Agencies are able to support.

It is strongly recommended to check these national/regional rules with the contact person at the respective Funding Agency (see **Annex A**) before submitting a proposal.

Please be aware that the PM effort, total budget and the requested funds are calculated automatically for the entire consortium and totalled automatically in the first screen (sub-section Preproposal information in 1. General information).

**The Cooperation Partners, the entities that are not eligible for funding will also have a budget associated with only one category where the Main Applicant can insert the equivalent of their in-kind contribution to the project or a number for their own funds. However, that field can be also left with a "0" (null) if it is not possible to provide such an estimation.**

Organisation Project type of partner contribution	Category of Expenses	Category Costs (EUR)	Cost share per partner (%)	Total effort in person months per partner	Partner contribution (EUR)	Requested funding (EUR)	Funding rate requested (%)
Project Partner 5 (P5) Circular Cities [GB] COOPERATION PARTNER [Select type]	1. Personnel Costs	0,00	0,00 %	0,00	0,00	0,00	0,00 %
	2. R&D equipments, infrastructure use	0,00					
	3. Costs of materials	0,00					
	4. Sub-contracting, third-party costs	0,00					
	5. Travel costs	0,00					
	6. Overhead costs	0,00					
	Project Partner 5 (P5) TOTAL costs	0,00					

SAVE CHANGES AND CALCULATE TOTALS

**Please be aware that a Letter of Intent is mandatory for the Cooperation Partners only for those consortia invited to submit a full proposal, in the second phase of the DUT Call 2025.**

## → Other documents

This area is dedicated to the communication with the DUT Call Secretariat if additional information is needed during the eligibility or evaluation process.

## → Submission of the pre-proposal - Section 4.Verify/finalize

This area allows the Main Applicants to check if any relevant information is missing from their application. '**Verify**' can be pressed many times before the submission. '**Finalize**' is the button that will convert the application to an official record (timestamp) followed by a receipt confirmation message and offering also the possibility to download a copy of your application.

Unless your application is final, please make sure you don't press '**Finalize**'.

After submission, in case a Main Applicant wishes to **withdraw** an application, please contact the DUT Call Secretariat at [call@dutpartnership.eu](mailto:call@dutpartnership.eu).

## Submission System: Verify/Finalize

The screenshot shows the 'Verify/Finalize' stage of the submission process. The page title is 'Finalize project registration'. A red banner at the top states: 'You can not modify project forms after finalizing! Make sure all information is correct and complete before pressing the button "Finalize". You can check if the completed information is correct by pressing the button "Verify".' Below this, a question asks 'Do you want to continue?' with a 'VERIFY' button and an 'EXPORT THE PROPOSAL AS A PDF FILE' button. At the bottom, there are navigation buttons: '<< PREVIOUS SECTION', 'FINALIZE', and 'NEXT SECTION >>'. On the right, a sidebar shows a list of validation errors under 'General Information\*':

- 1.3.1 Consortium structure
  - You have consortium eligibility issues
  - Consortium must include at least one urban government authority partner, either as a Main Applicant, Co-applicant or Cooperation Partner, depending on the national/regional eligibility criteria
- 1.3.3 Project Partner 2 (PJ2) Form
  - You did not upload CV for contact person
- 1.3.4 Project Partner 3 (PJ3) Form
  - You did not select FUNDING AGENCY
- 1.4 Researchers
  - Select CAREER STAGE for person at position 2
- 2.1 Budget Breakdown (proposal)
  - Found budget errors
  - Category of Expenses total (154802.00) is not equal with requested contribution (177890.00) for Partner 3.

## Submission System: Verify/Finalize

The screenshot shows the 'Verify/Finalize' stage after successful finalization. The page title is 'Finalize project registration'. A green banner at the top states: 'There are no validation errors! You may finalize preproposal registration!'. Below this, a 'FINALIZE' button is visible. Under 'General Information\*', the 'PRELIMINARY REGISTRATION CODE' is 'TMP-DUT-2022-0007' and the 'FINAL REGISTRATION CODE' is '[received after submitting]'. On the right, a sidebar shows 'NOTIFICATION DETAILS' for an email from 'support@urbanfoot-direct.eu' received on 'Mon, 29th Aug 2022, 19:55:11'. The subject is 'UDiManager - 2021-2022 pre-proposal submission confirmation'. The message body says: 'Hello, You have successfully submitted a project pre-proposal using the online platform UDiManager (http://urbanfoot-direct.eu). The following registration code was assigned to your pre-proposal: P-DUT-2022-0007. Best regards, UDiManager Team'. Below the message, there is a disclaimer: 'This is an automated message. This message is confidential and is prepared for the recipient(s) by the Higher Education Research, Innovation and Innovation Funding (HRIIF). It is exclusively intended for the person(s) named in the address(es) at the top of this email and may contain information that is confidential, sensitive or otherwise subject to legal protection. If you are not the intended recipient, you should not disseminate, distribute or act upon the information. If you have received this message in error, please notify the system manager. This message contains confidential information and is intended only for the individual named. If you are not the named addressee you should not disseminate, distribute or act on the information. If you have received this message by mistake please notify the system manager. If you are not the named addressee you should not disseminate, distribute or act on the information. If you have received this message by mistake please notify the system manager. If you are not the named addressee you should not disseminate, distribute or act on the information.'

The submission system (UDiManager) will automatically send a **submission confirmation e-mail message** to the Main Applicant containing the application identification number as well as the submission timestamp.

You can also double-check the **submission notifications** from your UDiManager account.

For any technical difficulties, please contact the IT team coordinating the submission system at [support@uefiscdi-direct.ro](mailto:support@uefiscdi-direct.ro).
